Beskrivning

A modern estate of detached houses with incredible sea views.

The trendy villas are located in one of the most prestigious locations in the northern part of the Costa Blanca - Finestrat.

The concept is to build 3 different models of properties, each with 3-4 bedrooms. The detached family homes will have their own garden and private swimming pool with fantastic views. The modern-designed houses combine modern and traditional materials such as natural stone and imitation wood on the façade. The layout is designed to provide an amazing play of light throughout the day.

The houses are turnkey. They are fully furnished and equipped with kitchens and bathrooms, as well as central economic air-conditioning and security.
